Committee on Financial Policies

Charge to the Committee

1. Undertake a continuing and comprehensive analysis of the financial condition and policies of the University and develop priorities, based on educational considerations, which should be reflected in the budgets of the endowed and statutory units.

2. Participate, with the cooperation of appropriate administrative officers, in the endowed and statutory budget-planning process.

3. Consider the financial implications of all issues for which responsibility is also assigned to other Faculty Senate Committees (e.g. financial aid and retirement policies).

4. Examine and make recommendations concerning issues and considerations that affect the economic status of the faculty. Such examinations shall include, but are not limited to, the improvement of the conditions of employment including salary levels, fringe benefits, leaves, consultation and interdepartmental compensation.
Issues

1. Divestiture
2. StartUp NY
3. Faculty Salaries
4. New Budget Model
